

Icing Image

Nothing personalises a cake for your customers or for a special occasion more than having a memorable photograph, drawing or image on a cake, cupcakes or cookies.

Just lay an icing image onto iced or covered cake as part of a beautiful design.

Done!

Our icing images are halal certified. You can select our high quality, consistently thin sheets and custom print them yourself, or get any of our wide range of ready-made icing images.

Who knew creating a beautifully unique cake that your customers will remember is so easy
